Dear Parent/Carer,

At Pudsey Grammar School we aim to offer an extensive programme of extra-curricular activities to encourage our students to either try something new or develop a particular hobby or interest. A range of enrichment opportunities are known to support your child's wellbeing as well as their engagement with their academic journey through the key stages.

There will be no cost to your child to participate in any of the Pudsey Grammar School extra-curricular programmes on offer.

Japanese culture has become a major influence in recent years so to promote and celebrate this students will meet on a weekly basis to learn and discuss various elements of Japan; history, culture, writing, reading, speaking, listening, music, television, food, etc. Led by a teacher who spent three years working in Japan, students will be immersed in Japanese tradition in a well structured series of lessons and enrichment activities.

Activities include: learning to write Japanese, watching Japanese children's tv shows and animations, tasting Japanese food, listening to Japanese music, researching historical events and figures from Japan, reading Japanese books and comics.
