## YEAR 7

In Year 7, we want to ensure that students are continuing to make good progress. Last week, I led an assembly to Year 7 students where I discussed how we can exceed here at PGS and it begins with 'getting the small things right'. Students should remember:-

- Arrive to Form and lessons on time.
- Ensure that you have all equipment.
- Ensure that you have the correct uniform, every day.
- Be ready to engage and learn when entering the classroom.
- Ensure that homework is completed by deadlines that have been set.
- Be respectful of others within the school community.
- Be sensible and mature during social times.
- Be mindful of the language you are using when talking to others.

### **Student Survey**

Next week during Form time, Year 7 students will have the opportunity to participate in the Student Survey that is completed each year. This is a fantastic opportunity for students to give feedback on how their first year at PGS has been. This is also a chance for the school to get an idea of the experiences that Year 7 students have had during the first two terms.

Year 7 Director of Studies

## **YEAR 8**

### **Literacy**

Building on the back of the World Book Day events last week, we would like to make a real push with literacy and try and encourage a love of reading within Year 8. If we manage to do this at a young age, it can bring huge benefits to students not just academically, but also in later life. Any support from home will be much appreciated, such as asking what students are reading and encouraging reading multiple genres of books to try and find a passion.

### **Equipment**

We want to keep the standards for equipment high throughout the rest of the term. Students need to bring this with them every day so they are ready to learn. Any missing equipment can be purchased through the library while any missing basics can be given by their Form tutors. Please check the school website for a list of equipment that is needed. A reading book is required as part of the basic equipment.

Year 8 Director of Studies

Form tutors will also be in this assembly, and they will be able to provide support to students throughout the process. The Information Evening/Subject Fair is on Tuesday 19th March 5-7pm. This will include a presentation for parents and students about the process and then allow time for you to visit all the different subject areas. We look forward to seeing you all next week.

### **MFL**

Some students attended a small assembly about choosing a Modern Foreign Language (MFL) at GCSE. If your child was not part of the assembly but wishes to choose MFL at GCSE, then please encourage them to speak to their class teacher and visit that subject on the night to get some information about the subjects.

### **Assembly**

This week, Miss Exley addressed the year group in assembly regarding uniform standards. A reminder that fitted skirts are not part of the Uniform policy, facial piercings are not allowed and students should be bringing a blazer to school every day and wearing it around the building.

### **Year 9 Immunisations - Diphtheria, Tetanus & Polio (Td/IPV), Meningococcal ACWY**

## **YEAR 10**

### **Mobile Phones**

This is a polite reminder that student's phones are their responsibility to look after and use appropriately during school times. We do allow students to use their phones at social times.

## **PARENT & CARER WEEKLY BULLETIN**

They should not be out whilst students are moving between lessons or going to the toilet. If a student is on their phone they will be asked to hand it over to a member of staff. This applies to air pods/ headphones too.

### **Vaping**

Vaping has become increasingly prevalent among teenagers, and its harmful effects on their health cannot be overstated. From nicotine addiction to respiratory problems, the risks associated with vaping are serious. It is illegal to buy or sell vaping products to individuals under the age of 18. We urge you to have open conversations with your child about the dangers of vaping and to emphasise the importance of making healthy choices. Any student with a vape in school will have it confiscated.

Wednesday - Science  
Thursday - English  
Friday - option subjects

Please see the attached pdf document for the full timetable.

### **Five school weeks until the GCSE exams begin**

With only five school weeks to go until the GCSE exams begin, please can we remind everyone to check over equipment and uniform. Details of what is needed can be found on the school website below:

## **PARENT & CARER WEEKLY BULLETIN**

<https://www.pudseygrammar.co.uk/parent-information/uniform-and-equipment/>

Having the correct equipment is essential in ensuring that students are getting the most out of lessons, revision and after school tutorials. It would be worthwhile checking through all equipment over the weekend and topping up where required. For example, a scientific calculator would be required for two out of three of the Maths exams so students should be equipped appropriately and that only black pens are required to write with in exams. If there are any issues, please contact the Form tutor who will be happy to help.

### **Year 11 History Intervention**

The History Department will be running its next set of History Intervention sessions on Monday 18th March. The following two sessions will occur:-

Room 113 - 8 Mark Importance Question- American West (Mr Bassett)

Room 114 - Crime and Punishment 1700AD- Present (Miss Skitt)

A timetable with an overview of all of these upcoming sessions, who will run them, their location and their focus can be found linked below. Printed versions of this timetable will also be displayed around the History Department and Year Office for students to refer to. Attendance to these sessions is not mandatory, but is highly encouraged to assist with students making additional progress in History.
