Privacy Notice for Parents & Carers

Under data protection law, individuals have a right to be informed about how the school uses any personal data that we hold about them. We comply with this right by providing privacy notices to individuals where we are processing their personal data.

This privacy notice explains how we collect, store, and use personal data about pupils, parents, and carers.

Pudsey Grammar School is the 'Data Controller' for the purposes of data protection law.

Our named school contact is Mrs K Byrne, Director of Operations. Our Data Protection Officer is Ben Cain (see Contact Us section below). Independent assurance is provided by Fusion Education People Solutions (FEPS).

The personal data we hold

Personal data that we collect, use, store, and share (when appropriate) about pupils, parents and carers Includes, but is not restricted to:

- Contact details, contact preferences, date of birth, identification documents
- Results of internal assessments and externally set tests
- Pupil and curricular records
- Characteristics, such as ethnic background, eligibility for free school meals, or special educational needs, child protection information
- Exclusion information
- Details of any medical conditions, including physical and mental health
- Attendance information
- Safeguarding information
- Details of any support received, including care packages, plans, and support providers
- Photographs
- CCTV images captured in school
- Emergency Contact details for parents and carers

We process special category data (e.g., health, ethnicity) under Article 9 of the UK GDPR, where necessary for reasons of substantial public interest, such as safeguarding, or with explicit consent.

We may also hold data about pupils that we have received from other organisations, including other schools, local authorities, and the Department for Education.

We also hold parent/carers information such as: name, contact details (email, phone number), address.

Why we use this data

We collect this data in accordance with requirements set out in certain laws/regulations including but not limited to the Education Act 2005, Safeguarding Vulnerable Groups Act 2006, and the Keeping Children Safe in Education guidance. We use this data to:

- Support pupil learning
- Monitor and report on pupil progress
- Provide appropriate pastoral care
- Protect pupil welfare
- Assess the quality of our services
- Administer admissions waiting lists
- Carry out research
- Comply with the law regarding data sharing
- To be able to contact you in the event of an emergency

Our legal basis for using this data

We only collect and use pupils' personal data when the law allows us to. Most commonly, we process it where:

- We need to comply with a legal obligation
- We need it to perform an official task in the public interest

Less commonly, we may also process pupils' personal data in situations where:

- We have obtained consent to use it in a certain way
- We need to protect the individual's vital interests (or someone else's interests)

Where we have obtained consent to use parent, carer or pupils' personal data, this consent can be withdrawn at any time. We will make this clear when we ask for consent and explain how consent can be withdrawn.

Some of the reasons listed above for collecting and using pupils' personal data overlap, and there may be several grounds which justify our use of this data.

Collecting this information

While the majority of information we collect about pupils is mandatory, there is some information that can be provided voluntarily.

We regularly request updated information from parents, via the Arbor Parent Portal.

How we store this data

We keep personal information about pupils while they are attending our school. We may also keep it beyond their attendance at our school if this is necessary in order to comply with our legal obligations. Our Data Retention Policy sets out how long we keep information about pupils, parents, and carers. This is available on our [website](#)

Data sharing

We do not share information about our pupils with anyone without consent or unless the law and our policies allow us to do so.

Youth support services

Once our pupils reach the age of 13, we also pass pupil information to our local authority and / or provider of youth support services as they have responsibilities in relation to the education or training of 13–19-year-olds under section 507B of the Education Act 1996.

This enables them to provide services as follows:

- youth support services
- careers advisers

The information shared is limited to the child's name, address, and date of birth. However, where a parent or guardian provides their consent, other information relevant to the provision of youth support services will be shared. This right is transferred to the child / pupil once they reach the age 16.

We will also share certain information about pupils aged 16+ with our local authority and / or provider of youth support services as they have responsibilities in relation to the education or training of 13–19-year-olds under section 507B of the Education Act 1996.

This enables them to provide services as follows:

- post-16 education and training providers
- youth support services
- careers advisers

For more information about services for young people, please visit our local authority website.

Department for Education

The Department for Education (DfE) collects personal data from educational settings and local authorities via various statutory data collections. We are required to share information about our pupils with the Department for Education (DfE) either directly or via our local authority for the purpose of those data collections, under section 3 of The Education (Information About Individual Pupils) (England) Regulations 2013.

All data is transferred securely and held by DfE under a combination of software and hardware controls, which meet the current government security policy framework.

In some circumstances, the school may also share data with:

- Educators and examining bodies
- Our regulator (Ofsted)
- Suppliers and service providers – to enable them to provide the service we have contracted them for

- Financial organisations
- Survey and research organisations
- Health authorities (NHS)
- Health and social welfare organisations
- Professional advisers and consultants
- Charities and voluntary organisations
- Police forces, courts, tribunals
- Professional bodies

We may also share data with other professionals/contractors if a pupil has signed up to a club or event (e.g. a musical instrument tutor).

Transferring data Internationally

Where data is transferred outside the UK, we ensure compliance with UK GDPR through adequacy regulations or safeguards like standard contractual clauses.
